## Personal Information

**Nationality:**

Iraqi

**Date of birth:**

1991

**Marital Status:**

Married

**Linkedin:**

<https://www.linkedin.com/in/mohamedthamr/>

## Personal Profile

Hard worker, creative, mature, responsible and hardworking individual, who always strives to achieve the highest standard possible, with excellent communication skills, and work and the ability to relate to a wide range of people.

## Career Objective

try to enhance the organizations work, in the development side, and in the scientific, theoretical side, also an investment in scientific research to enhance these organizations and their productions.

## Education

**2010 - 2014** Bachelor's degree in Software Engineering from Al-Rafidain University College – Baghdad / Iraq

**2016 - 2020** Master in Information System of Computers from Faculty of Computers and Artificial intelligence, Benha University / Egypt

## Work interested and Experience

**1 - Government Employee in Ministry of Justice (01 / April / 2023 – to Present)**

## **2 - In University Education**

No	University Name	Subject	Date
1	University of Information Technology & Communication	OOP - Object Oriented Programming	1/4/2021 – 31/1/2022
		Mobile Application Development	
		Algorithm and Complexity	
		Information System	
2	University of Technology - Computer Science Dept.	Numerical Analysis	1/10/2021-1/4/2022
3	Uruk University	Computer science	3/1/2023/ -26/8/2023
		Computer Applications	
		Database	

### **3- In Mobile Application Development**

Complete Course of Android Development track from UDACITY organization and pass the test and get the certificate.

### **4- Data Analysis**

Complete Course of Data Analysis track from UDACITY organization and pass the test and get the certificate.

### **5- November 2014 – October 2015**

Data Entry and accountant in AL-AWJ Company for food production – Baghdad/Iraq.

### **6- Reverse Engineering**

Interested in reverse engineering of software applications and reuse with its full functionality (Especially in Mobile apps, Web apps, Desktop apps and all other Scripts and Models).

## **Scientific Skills**

### **The Scientific Research**

Interested in research of medicals domain and software engineering

### **Machine Learning and Data Mining**

- Very interested in Machine Learning and Data Mining algorithm.

### **Ontology and Information System**

- We can cooperate to develop ideas in this domain and provide consulting and write paper research.
- We can cooperate in this field to build a knowledge base for any Domain using the Protégé tool in ontology web language.

## **Technical Skills**

### **Programming Languages**

Work and interested in MATLAB / Java / python / R and R Studio / (open-source project in C#, Visual Basic, flutter and Dart for mobile application).

### **Database**

MySQL database / Access Database /

### **Operating System**

Linux / windows.

### **Computer Skills**

Microsoft Office / Internet / Email / Network / Photoshop.

## **Soft Skills**

- Good communication skills
- Self-study capability
- Hard worker, work under pressure
- Willing to learn and know new technologies
- Ability to work in a group or individually
- Self-motivating, high interest in being exposed to new environments
- Reading, Computer, Internet, Gain new friends

## **Published Research Papers**
